“ Toni guided me along the path of making my life-long dream of being a social worker a reality.

When I was fourteen, I decided I wanted to be a social worker because it was a noble calling. After doing other things, in my forties, I found my way to Lourdes and Toni. She made sure I had what I needed to achieve my goal. She was outstanding.

“ I am very sorry for your loss. Toni liked to talk about things of substance, and I fondly recall many discussions with her about things that matter the most to us and our community. She was a caring soul. She often brought me beautiful cards or yummy cookies she had made. Toni was a good friend, a great community contributor, and a beloved family member.
