“ Commander Brinker was my firearms instructor in the police academy many years ago. He came from the old school and I cherished his experience, wisdom, and preserved passion for law enforcement. They sure don't make them like Ole' Brinker anymore. God Bless his family. Thank you, Mr. Brinker.

“ My deepest condolences to Donna and the rest of the Brinker family. I worked with Gary at Owens. At first, I thought he was a grouchy, old FBI guy who enjoyed torturing young police cadets. Over the years, he became a fantastic boss, a great confidant, and a dear friend. Gary gave me much advice over the years, which I still use today and was very excited when I told him I was pursuing my doctorate. I am sad to lose my friend, but take comfort in the fact that he will be running around with Don Bottles, Ron Born, and Bob Albright again (Perhaps I should be scared instead??). Rest in peace. I look forward to the day we can talk together again.

“ Gary and worked on the old C-1 Squad of the FBI on Washington, D.C. I have such vivid and happy memories from those days. I can remember us when we were young and nothing in the world was too difficult to resolve. The "Brink" was always one that could be counted on to jump in when chaos was around. I know how much he must be missed by his other friends and family.

“ May Gary's legacy carry those left behind through the difficult times, knowing all too well that we have been blessed knowing this man in one way or another. May his light be eternal and forever in our hearts.

“ My condolences to the family of Gary.

I had the pleasure of knowing Gary through our service in law enforcement; he with the FBI and me as a detective with the Toledo Police Department. We also had mutual friends mostly involved with law enforcement agencies and Owens Law enforcement programs. We had many lunches with friends where we took the opportunity to catch up on what was happening in law enforcement and with mutual friends.

Gary was a person and law enforcement representative I was proud to have known. He served his community and country with honor and dedication.

Rest in peace my friend,

Frank Stiles

“ Mrs. Brinker
My deepest sympathies to you and family for your loss. For two years, Gary was my football and wrestling coach over 50 years ago at Eaton High School and as life's fate has it, Donna came to the Ohio Auction Commission while I was on the commission as an auctioneer, so she gave me occasional updates on you and Gary. I will always remember Gary as caring coach, but stern to say the least (Ha). But most of all, remembering the after season dinner you gave for the wrestling team. We ate you out of house and home!
Janet God Bless, you will always be Mrs. Brinker to me.

“ Prayers for the family of a truly remarkable man. I learned a lot from him over the years and some of which helped keep me alive. Gary was a great teacher ,boss ,and Friend. I remember one time he came in the S.O. and the dispatcher let him in and then called me because she couldn't believe the scruffy looking guy was FBI. I looked up front seen him and he said Hi Dave so I knew it was him on a mission. A week later I seen him again in a full suit. He could be a man of many faces. He always ask about our families and frequently would stop by and visit on the front porch. Another great man has been promoted to Heaven. RIP Gary.

“ Well Hoss, this drive is over!! As tough as it was on the trail, you never faltered. Some thought the trail made you hard and a tough guy. But those of us who knew you well, knew the truth; you were a Big Softy. And, we loved you for it!! You have been a great friend and colleague for many years and I will miss you. Keep the "Doctor" in line! Adios partner and may the Good Lord take a liken' to you. We did!!

“ One of my favorite memories of Uncle Gary was at Uncle Heber's funeral. I hadn't seen him in a long time and he must have seen the nervousness in my eyes at the idea of being a pallbearer, because he stepped in next to me and said, "It'll be okay." Strong and steady, thanks Uncle Gary.
