“ AS WE REMEMBER RORA-
(Also Known as Double Trouble)

Rora loved life! She loved her family and friends, as well as her animals and flowers. She even remarked one time, that she loved trees so much, that when she died she would be happy to come back as one.

She had great communication skills that she used through the years, ranging from C.B. radios to being the first in the family to own a computer.

We loved Auntie Rora as much as she loved us, and we will always miss her. We will plant a tree or some flowers and know that she is still with us.

*With Fond Remembrance,
