“ Mrs Bev and Mr Bob were always looking out for me. She especially loved when my grand babies were outside. She would come across the grass to see them. She and Mr Bob always seemed like they were still dating, holding hands or dinner cocktails and jazz outside in the summer. They did everything together. She would tell me beautiful stories about their life together when they were young. This was a real life story of the movie *The Notebook*. Bev will be missed and my heart goes out to Mr Bob. Sixty eight years is a wonderful lifetime Bob. TDDWP

Patti... your analogy to Bob and Bev's story being like "*The Notebook*" is so very true!!!
I've never met two people who cared so very much for one another and demonstrated it in their life every day.
