“ Carole taught with my husband, Bernie Frick, at Waite High School. They had some hilarious stories about their teaching days, some sad stories re the students. Carole was the epitome of an educator. Fortunately, when Carole and my husband moved from Waite to other schools , we remained very good friends. I have warm memories of lunches and dinners with Carole and Norma Wintermantle.
Carole sure loved her family. Many times, she shared information about her siblings, nieces and nephews.
I will miss our phone chats and Carole. My sincere condolences to the family.

“ Carole was an outstanding docent for our Toledo Museum of Art gallery group from the University Women of BGSU for many years until she retired. She was always prepared and planned wonderful tours and activities for our group. We all missed her after she retired and had kept in touch through the years by having her attend the University Women fall luncheon. Her parting gift to our group was to select her successor as our docent, Lynne, who has lived up to the glowing recommendation that Carole gave her. We will miss Carole.

“ *My Mom, Joyce Lentz, and Carole were long time childhood friends. Their friendship began in 1st Grade at Raymer Elementary School. Even though Joyce moved to Seattle, Washington as a newlywed, she and Carole remained friends. Growing up I remember fondly spending time with Carole on our visits back to Toledo. On occasion Carole would come out to Seattle to visit us. I remember those visits fondly. Carole was a delight! The conversation and laughter would flow for hours on end. My Mom was blest to have a lifelong friend in Carole and I was blessed to be able to tag along on some of their friendship. Carole will always hold a special place in my heart. Thanks Carole, for the memories and the great laughs. Rest in His Peace dear lady.
Fondly,
Linda Johnson*

“ *I feel so blessed to have had dear Aunt Carole in my life. She was always just a phone call away to provide a listening ear, an engaging conversation, and a hearty laugh. Her frequent cards and letters were so thoughtful and often just the hug I needed. Whenever we had a chance to get together over the years, her genuine spirit and grace always left me feeling connected, safe and loved. Carole kept up to date and connected with all of my siblings and our families over the decades after our mother Verna died. She inspired us to be a family no matter how far apart we lived. I recently had the chance to go through some of her photo albums and scrapbooks with other relatives. I was amazed as we reviewed her life at how much she accomplished and of how generously she gave of herself to her family, friends, students, and community. She was greatly loved and her legacy is stellar. I am grateful to be her niece.*

“ I remember Carole as a respected fellow counselor. Then, I found that Carole and I both were members of St. Paul's Episcopal. Another connection. She was a fabulous person.

“ To my dear, dear friend. It has been a long time since first grade at Raymer. We have shared lots of fun, time, and memories never to be forgotten. You gave as much love to my family as you did to your own family, I'm sure. In fact when you came to Seattle for visits my family acted like you were their personal friend and your visit was for them, and I just happened to live there too. My heart is with you Ms. Carole Rose, and every visit home to Toledo now, I will miss my time I would have spent with you. You have a peace now Carole that I hope to have one day. So my final words to you are, "...a job well done Ms. Carole Rose", and I look forward to all the "giggles" we will share when we meet again.

“ I will miss my Aunt Carole so very much. My favorite relative. She was so good about sharing family stories and photos. She really kept the history and sense of our family alive fo all of us. And what a great sense of humor! We always laughed so much together! Many great memories... One time I was working in New York and she and my sister came to visit for several days. We went to Broadway shows and looked up our relatives who came in on Ellis Island, etc. And I loved Carole's pretty home so much. She had great taste and had a wonderful collection of glass from the Glass Museum from all her years as a docent at The Toledo Art Museum. I will miss our phone conversations about the movies especially around Oscar time. We loved comparing who we thought would/should win. Even her name was Carol with an E just like Carole Lombard which I thought was so great. And I will miss her always remembering us on our birthdays and at Christmas. The gifts were thoughtfully chosen and most importantly I loved what she wrote in those cards. And it was an extra treat if she included a funny photo of her dog Mischa. I am glad that shortly before she became ill we spent time together to remember my father when he passed. The two of us shared a hotel room together for a few nights and we laughed that we were roomies! Carole had many life long friends. No surprise there. What a wonderful person. My mom and Carole shared the same birthday only Carole was ten years younger. She said on the day she was born my mom, who was feeling a bit upstaged said, "is this all I'm getting for my birthday?"
I'm so glad you were born, Carole. Thanks for all the love and laughter.

“ *What a great lovely lady. When I went to Waite High School, Carole was a teacher there. I had the opportunity to work with her on many projects and she was always a great help. She was a dedicated teacher. And later in life whenever I would run into her somewhere we always shared time chatting. She will certainly be missed.*

“ *In 1943, I had the good fortune to be seated in front of Carole in our third grade class at Raymer elementary. That was the beginning of a friendship that spanned seventy-five years. Not unusual for Carole because she not only made friends, she kept friends. They were from her childhood neighborhood to the present, with common traits....you never ran out of conversational topics or laughter. Thank you Carole, for many wonderful memories.*
