

Carolyn "Sue" Krasula

February 20, 1949 - April 20, 2023

After a long and courageous battle with Parkinson's disease, Carolyn "Sue" Krasula passed away on April 20, 2023, at the age of 74 with her devoted husband at her side.

Sue was a business education teacher for 40 years at Whiteford Agricultural High School; she loved, enjoyed and inspired her many students over the years. She was a talented church pianist and organist for many years. “ My deepest condolences to the family. Like my eldest sister had mentioned, Mrs. Krasula was the embodiment of a great teacher coupled with a pleasant personality to drive her students to so their best. I took her typing class as well and did a project where I wanted at that young age to become a brain surgeon. She told me, "please come back to me and tell me when you become a brain surgeon." You remember the ones that believe in you and her belief in me played a role to graduate college, get a Masters in Epidemiology and a Masters of Science in Nursing. May God bless her as she blessed our lives with knowledge and kindness.

“ Mrs. Krasula was a caring teacher. I had her for Keyboarding 1 & 2 at WHS. Her smile was beautiful and always encouraged and motivated us to strive harder. She treated me with respect and kindness. She also wrote a recommendation letter for a scholarship I applied for. I still have it 25 years later. May she rest in peace and my condolences to her family.

“ *I remember her fondly as a student at Whiteford Agricultural School. She had such grace and patience. I had her as a teacher for Accounting 1 and 2, shorthand and typing. She would get so excited about debits and credits and can picture her at the chalkboard saying "now just wait a minute and it will make sense" and it did! Her shorthand class was like a girls club and some days we just talked about our lives. She was one of the best teachers I had. Many of her students have said the same thing. May God bless her soul!*

“ *She taught me how to be a fast typist on clanky typewriters. She taught how to work on computers with floppy disks. I remember her having a cabbage patch kid. She was a special teacher.*

“ As a former student, I loved her classes. She cared for us as individuals while teaching us well. She shared real TRUTH with us.

“ Erel had the room next to Carolyn for 12- 15 years. She was the most organized teacher I ever met. One morning she asked me how did I ever shave my dimple. I answered, “very” carefully “. What a lovely lady !!!!!
