“ I am sorry to hear of the passing of Dr. Hageman 14 years ago in 2011. I knew Dr. Hageman about 30 years ago at the Medical College of Ohio. Rather than react with an explosive temper or try to fail me, he was a patient teacher and surgeon. His teachings live on as I take care of patients today. He was a good role model by practicing good medicine and treating everyone on the team well. Goodbye, Dr. Hageman.

“ To The Family of: Dr. John H. Hageman,
I would like to express my deepest sympathy to each of you. May the words of Almighty God and his Son (Jesus) be of comfort to you. He promises that the day is soon to come in which all those in the memorial tombs (graves) will hear his voice and come out. (John). Think of a world, a world without tears.(Rev). Where a man can live for a thousand years (Isa). With never a grief, an ache or a pain. And never a thought of dying again (Isa). Or think of a world where the dead will arise (Jer). From their silent tombs to a dream paradise. (John). To live forever in true peace and Love (1Cor). And all will be cared for by the Great God above (1Pet). Think of world without bloodshed and strife (Pslm). In Praising our God,our Saviour and King (Jerm). Who gives to us all, our life, everything (Pslm). So that we might live through endless years (John). In a world without sorrow. A world without tears. Rev. 21:3, 4

“ Dear Pat, Margaret, Martha, Diane and Kim,
I was greatly saddened to hear that John/your dad had passed away.
We saw each other rarely, but especially when he was in his teens we got into some delightful trouble together. I treasured the fact that although he was 9 years my senior, he didn't avoid me, but treated me as an interesting person that he wanted to spend time with.
I will miss him deeply.
With sympathy and love,

“ Hageman family-The family of Mary Bradley(former patient of Dr. Hageman) wishes to extend our sincere sympathy. In the coming days I am sure you will hear many stories about him and I wish to share with you how special he was to our mother and family. She was a patient of his for many years and she adored him. Anything he said she would do. One Friday afternoon my mother developed what appeared to be a blood blister on her leg when he had put a vascular stint in many years before. I called him at his office and he told me to bring her to the emergency room and he would meet us there. To make a long story as short as possible her stint had burst and after getting all the family members there Dr. Hageman said I may have to take the leg. But there was one option he could perform an operation he had never done before and place a new artificial artery from her abdomen to the knee. Would she survive the surgery? Oh yes he said but I have never done this before. We all went with him to tell our mother and she reached for his hand and said I have all the faith in you doc you can do it. So he went ahead and 8 hours later she was fine and the artery worked great. How tired he was after that night and when we all went to see her in the room she said see doc I told you that you are an angel. The next morning I arrived at the hospital early to see her and there he sat with her feeding her. She was just too weak to eat. Doctor I will do that I said as I sat down. No I will and you sit and ask me any questions you may have. So then the nurse came in Doctor I will do that she said. Nonsense I will do it thank you any way. And so he sat and comforted and fed my mother. When my mother passed away in 2004 we called his office to let the nurse know. That very day Doctor Hageman called my house and talked with all my siblings and my aunt. He also wrote a heartfelt letter how mom was one of his favorites. I am sure he spent countless nights away from his family being a doctor but he was a very special man that touched our lives deeply and we wish to thank you for sharing him with our mother and saving her life countless times. We were very sorry to hear of his passing and wish to offer our sincere sympathy to his entire family. May God Bless you and keep you. “ *Dear Pat & Family,*

Our prayers go out to you and your family at this time...

My past begins as I was Dr. Hageman's first secretary when he came to MCO... He was a wonderful doctor, that saw some of my family also, when the need was there. He was a wonderful boss and an inspiration....

I have fond memories when he met Dr. Pat Donahue and she would stop by to say "Hi"... how it brought light and a smile to his face!! I had the honor to be invited to their wedding and the opportunity to meet his daughters, when they would come by the office... (they were young and a delight)....

I know Dr. Hageman would be very proud how they became wonderful women!

He was very proud and grateful of his family and the love of his life, PAT, who always brought great "JOY & Laughter".

My husband and I were honored when you both came to our wedding, just 10 yrs ago, which I will cherish!

He will be greatfully missed but remembered always!

Blessings to All...

“ I very saddened to see that a good friend and colleague had passed. I worked with Dr. Hageman as his nurse at the wound care Center at St. Charles Hosp for 4 years. He was a very caring person who was not afraid to think out of the box. I learned so much from him, His patients truly loved him. I was sad the day he retired but will always remember his smile and kindness. Dr. Hageman was a wonderful person and physician. “ We would like to let Dr. Hageman's family know how wonderful he was to our dad and father-in-law Donald Depner. Because of Dr. Hageman's tireless efforts dad went to heaven with all his toes. It was touch and go toward's the end but he didn't have to endure an amputation. God broke the mold after he made Dr. Hageman. After dad coded in x-ray and ended up in ICU Dr. Hageman came to see him with tears in his eyes, he will always be remembered by our family as a very kind and caring person. Glad he touched our lives. God bless you all at this sorrowful time.##imported-begin##Jim and Marsha Depner mjdepner@hotmail.com##imported-end##

“ My husband and I were so sorry to hear of Dr. Hageman's passing. What a wonderful tribute to a truly wonderful and caring man. In Nov. of 2003 Dr. Hageman,(along with Dr. Afridi) saved the life of my husband. I was so afraid of what might happen, but, I had complete confidence in both Drs. and that helped me through. It was a huge operation and I truly believe it was the skill of both men that brought Tom through. Dr. Hageman will always be in our thoughts and prayers. Please know your family will also be in our thoughts. Thank you Dr. Hageman...God Speed##imported-begin##Tom and Gale Bishop##imported-end##

“ John was my very first friend when he lived on Highland Terrace in Gloversville, NY. I was looking at childhood pictures taken at our house on Poole Ave. just a couple days ago. John and I were breaking up some boxes up for his mother. I had a hammer and he had a window opener with a hammer head on it. As he was swinging down I lost my balance and the window opener went into the back of my head. Thank God, his dad was a doctor. John's punishment for not being more careful. I went to his house and ate his dessert for supper while he watched. What an earthly loss, but what a heavenly gain. I loved our time together. God Bless

“ I had the honor of working with Dr. Hageman when he worked at St. Lukes In the Late 90's and '2000. He was one of the kindest most caring ,professionals I have worked with in the O R. His calmness was an asset. I met him again not to long ago, I've since retired, and he remembered me ,and it has been years since we have seen each other. I am so glad that at this chance encounter, I thanked him for being so professional and for being a great teacher. To his family, I give my condolences, he was a good man.###imported-begin###Donald C. Ruhly donaldruhly@yahoo.com###imported-end##

“ Many years ago (in the 1940's) the Hageman's were up the street neighbors on our way to Oakland Avenue School. I always remember the family coat of arms that stated "Throw Thunderbolts at Evil"!
