“ I am deeply sorry for the loss of Evan, it was much too soon. Evan and I developed a friendship working together in the 216th EN BN around 2015 and it has continued since. We had many good times at Army training, both doing training and socializing after. Evan and I had many good parenting talks and it was evident how important Ellise was to him. Again, my condolences to your family in this time.

“ Myles & Sylvia,
I just keep thinking about all our children playing together at the different car shows we went to. We didn't know it then, but we were such a lucky group of friends to be able to share our families with each other. All our kiddos were so cute and so different from each other but they had such fun hanging out together. Car shows, camp outs, great memories. What a wonderful young man Evan is. His service to our country is remarkable and so very appreciated. You must be so proud of him, he accomplished so much in his life. I pray that in time, your wonderful memories will sustain you through an unthinkable time. We are here for you whenever you are ready and need a shoulder to cry on and an ear to listen. We love the two of you very much! Deb and Rick Saam
