“ Shirley, David & Corey. I am saddened to read of Jerry's passing. Lot of fun memories of him back in the day when we were young and doing trips and just having fun with other Ohio Citizens folks. I still remember the day he came to work and I was filling in at that branch and announced he got married the day before. He was trully so happy with you Shirley and I remember the call I got when you kids were born but none of us knew it was going to be twins and he was so casual when I asked what Shirley had and he just sighed and said "oh, a boy and a girl". OMG we were all in shock but you always did it big Shirley. Instant family all at once.

Again, my sincere sympathy in the loss of your husband and dad.
