

Gretchen Gotthart Skeldon

August 24, 1962 - February 17, 2010

Genuine and kind, brilliant and beautiful, Gretchen Gotthart Skeldon touched the hearts of countless individuals with her generous service to others, devotion to family, loyal friendships and dedication to her work. She went to be with the Lord on February 17, 2010.

She was born August 24, 1962, the third of Bill & Martha Gotthart's four children and lived in the Blessed Sacrament neighborhood of West Toledo.

A graduate of The University of Toledo College of Business, she was a member of Delta Delta Delta Sorority and Blue Key Honor Society.

Gretchen met her husband Phil Skeldon at a bible study class. Their faith in God and service to others became a bond that led to their marriage November 25, 2000. They were blessed with a daughter, Lilian Dean in 2004. Gretchen and Phil were happiest when they were at home with their little family. They both had lovely singing voices and they were a favorite choice locally for wedding masses as well as Toledo Rep and community theatre performances.

A valued executive at Libbey Inc. for over 22 years, Gretchen served as Retail National Sales Manager, since 2007, with direct sales responsibility for key accounts, and leading a team of Retail Territory Managers in portions of the U.S. and Canada. She viewed her work purpose as achieving high performance, developing her sales associates, leading by example, and bringing Christ into the workplace. Gretchen strived to be an example of how faith and hope are keys to success, known for her passion for life, and performing her work with excellence.

Gretchen was named a "Sales Leader" six times in her career, and is a member of the distinguished Edward Drummond Libbey Sales Award Club. Nicknamed by her peers as the "Princess of Glassware" Gretchen was well respected in the tableware glassware industry, developed outstanding customer relationships, and was a respected "ambassador" for Libbey Glass. Under her leadership, Libbey was recognized by many retailers with Supplier of The Year Awards.

Gretchen was generous with her time and was an active volunteer with the Make A Wish Foundation where she cherished the smiles of her many "wish kids." She was a strong activist for Susan G. Komen for the Cure and the 2003 Northwest Ohio Race for the Cure was named in her honor. A devout Catholic, Gretchen was a member of the Blessed Sacrament Liturgy committee as well as a choir member for over 25 years.

Her hobbies included shopping, scrap booking, time with friends and family and relaxing at the family cottage. She was an excellent cook and baker. Her chocolate chip cookies were amazing.

Gretchen was preceded in death by her parents Bill & Martha Gotthart and in-laws Philip & Bernadine Skeldon and her cousin Dan Zebarah.

She is survived by her beloved husband Phil Skeldon, daughter Lilian Dean, sister Missy (John) Holden and their children Jack & Mackenzie, sister Casey (John) Schreiner, brother, Bill Gotthart, and special friend JoAnn McKelvey.

She was loved as a sister-in-law & aunt to countless nieces and nephews and many, many friends.

As a last act of selflessness and generosity Gretchen donated her remains to the UT Medical Center for research purposes. In lieu of flowers, please make donations in Gretchen's name to Susan G. Komen for the Cure, Make-A- Wish Foundation or the Blessed Sacrament School building fund.

Special thanks to St. John's Jesuit High School and Libbey, Inc. for their love and support.

Also thanks to all medical staff that cared for Gretchen at St. Luke's Hospital,

Kingston of Sylvania, UTMC and Hospice of NW Ohio.

Friends and family may visit on Saturday February 20, from 4-8 p.m. and Sunday February 21, from 2-8 p.m. at Coyle Funeral Home, 1770 S. Reynolds Rd. with a rosary service to begin at 7 p.m. A Memorial Mass will take place on Monday, February 22, 11 a.m. at Blessed Sacrament Catholic Church.

“ Gretchen, family and friends, my heart goes out to all of you. Over the years I was blessed enough to get to know the Skeldon and Holden family. Words can not even describe how to feel right now about all of this but, Gretchen, I can honestly say you were one of my biggest heros and I looked up to you. You were such a strong woman. I know I didn't get to see you before you went to be with God but I know that you are looking down on all of us now smiling and telling us in our minds that everything will be alright. I just wanted to thank you, your family and everybody else for the friendship, kindness and help you have brought to my family personally. You all will never really know how much it means to us. To Phil and Lily, you know we will always be here for you no matter what time of day, or miles away. God bless all of you and thank you. I love you Gretchen. Take care.##imported-begin##Cody Champagne CodyJayYo@aim.com##imported-end##

“ Three weeks ago, I asked you to pray for my friend Gretchen Skeldon, a 4-time cancer survivor who was hospitalized with some serious health problems. I received so many emails and comments about Gretchen that I wanted to let you know our prayers have been answered, although not the way we hoped they would be.

Gretchen died peacefully at Hospice Wednesday morning. The fact that this was Ash Wednesday was not lost on the people who knew Gretchen as a devout and faithful Catholic. Gretchen's belief in God, and her unwavering faith that He has a plan for all of us helped her get through some very trying times and I hope it helped take some of the fear away in these final days. But the selfless way Gretchen lived her life every day has always inspired me and so many others.

She sang the national anthem at the 2009 Rockets for the Cure game

Because she was so young when she was diagnosed with breast cancer, and because she battled it with such grace, I asked her many times to talk to other young women who were newly diagnosed. She always made the time to offer her support and share her experiences with them. She also volunteered countless hours to raise money and awareness for breast cancer through NW Ohio Komen. She never shied away from an opportunity to help and truly believed a cure would be found in her lifetime.

Something I find so amazing about my friend Gretchen is her ability to reach and teach people even in her last vulnerable days.

This is the picture Gretchen wanted the doctors and nurses to see As her health started to deteriorate, Gretchen shared with me that she was concerned her nurses and doctors would not know “the real me. They only see a bald, sick-looking invalid lying in this bed. They don't know that two months ago I was a normal person!” I promised her they would know the real Gretchen and in her last few

days when groups of doctors and nurses would come into her room at UTMC and she couldn't talk for herself, I would point to a beautiful picture of Gretchen on the wall and say "Before you start your exam, let me properly introduce you to my friend, Gretchen. She is a vivacious, incredible person—beautiful inside and out. She is a mom, and a wife and a friend and she wanted to make sure you knew she was a normal person before she ended up in that hospital bed."

They would all take a good long look at Gretchen's beautiful face and and nearly every one of them thanked me for reminding them of that important lesson. I kept thinking to myself "Gretchen can't even talk and she's still teaching people and inspiring people to be better."

Her last selfless act: to donate her body to the scientists at UTMC. It was her hope that by studying her body, doctors will discover something that will help the next woman with breast cancer survive.

Breast cancer brought Gretchen to me in 2003, the year the NW Ohio/Komen Race for the Cure was run "In Celebration of Gretchen Skeldon." Today, breast cancer took my dear friend away. But Gretchen leaves behind a legacy of giving and love that most of us can only aspire to. Our world will forever be a better place because she was here. “ Like so many people Gretchen came in contact with she had way of making me laugh, smile, sing and be joyful. This usually happened during times that I was not prone to bouts of joy. She was determined not to let me mope.

I worked with Gretchen at National Record Mart in the early 1980's.

“ Phil,
We are so sorry to hear of your loss. Even though I only met Gretchen a few times, it was very clear that she was a shining star in a lot of peoples lives. You and Lilian will surely share many happy memories of your time with Gretchen.

You've come along way from the little guy in long-johns singing "Ravioli".

Gretchen enriched your life in many ways. Through Lilian this will never end.

I know that you have a "very large" support group but it can always be bigger.

God Bless You and Yours

Peace be With You

“ We were flying home from Florida 3 weeks ago and next to us was Gretchen's brother in law, coming home to be with his brother and Gretchen. He talked all the way home. Great praise for Gretchen and family and how sick she was. What we didn't know at that time, what Gretchen's maiden name was. Now seeing her obituary, we now know that we knew Gretchen's mother very well, thru Local 50. I remember visiting Martha at Local 50 - sitting there and listening to her talk about - Gretchen. We never met Gretchen, but her mother was a beautiful woman as Gretchen's obituary states she was too. Way too young to leave our world but gave so much to so many. “ Phil, my deepest sympathies to you and your family. I have so many wonderful memories of Gretchen when I was at The University of Toledo. Hands down: She was one of the most naturally gifted student leaders I have ever come across. She always brought so much energy to the table and she did it effortlessly with the grace and sincerity that was truly rare. In fact, whenever administrators looked for student representatives on committees, Gretchen's name was always at the top of the list. But it was her personality that shone out consistently – her infectious laugh, a true sense of friendship, a willingness to look at every challenge with optimism, and her simple joy of life. The memories of her tremendous spirit are still crystal clear to me even twenty years after the fact.###imported-begin##Les Roka les.roka@gmail.com###imported-end##

“ Dear Phil and our little Lily,
My deepest sympathies are given during this most difficult time in your lives. Working with Lily and your family was a joy for me at Ottawa River. I was always amazed with your family's love and total acceptance of Lily, striving for more, but aware of the road ahead. Gretchen's love and devotion to Lily was evident in everything she did and said. From Lily's most adorable outfits and hairstyles, to the way Gretchen would "beem" when she came to pick up Lily from school. Gretchen was always eager for any suggestions that might be of help to Lily at home. Gretchen's warm spirit toward all of us, made us want to do our best for your family. Gretchen's fight with cancer is a living testament for others who follow in her path. Her strength, dignity and grace will live on. It was my pleasure to share just a little part of your lives. If there is ever anything I can do for you or your family please do not hesitate to contact me.
