

James Bing

February 5, 1940 - September 16, 2023

James "Jim" Bing passed away peacefully on Saturday, September 16, with family by his side. Jim was born on February 5, 1940 to Pauline (Hogue) and Ira Bing. He was a graduate of DeVilbiss High School in 1958 and graduated from the University of Toledo with a degree in Civil Engineering. Jim married Susan Morey in 1964 and they moved to Pittsburgh, PA where he worked for American Bridge division of U.S. Steel.

They moved back to the Maumee area and Jim worked for Surface Combustion for a number of years. He then worked as an engineer for Poggemeyer Design Group in Bowling Green for the remainder of his career. Jim was an animal lover and always had dogs or cats in his life. His favorite thing was napping with a dog snuggling on either side. He was an avid Michigan Wolverine fan and never missed watching a game. He enjoyed playing golf for many years with his friends and was always looking for a new club to better his score.

Surviving are his wife Susan, children Stephen (Kelly) Bing, Deborah Malloy, and Michael (Teresa Porter), and two grandchildren, Kelsie (Michael) McDermott and Conor Malloy, and his sister Betty McCollam.

There will be no visitation or service per Jim's request. His wishes were for a family gathering to celebrate his life.

Memorial contributions may be made to the Toledo Humane Society.

“ I so remember Jim as a wonderful person, very soft-spoken, low0keyed, funny and smart. We were at DeVilbiss together and then U of Toldeo. May his memory be a blessing to his family. Larrie Greenberg, MD

“ It is with great sadness that I heard of Jim's passing. We lost a great one that created so many memories for so many people. I had the privilege of working with Jim all but one year of his career at PDG. We shared an office for awhile and I learned much about engineering in my early career from Jim. We became great friends. All my memories of our time together at work, golf outings, Christmas parties, trips or social functions were fun and happy memories. Jim was not only extremely talented he was a dedicated hard working professional. He enjoyed jokes and funny stories. He had an infectious laugh and he was easy to get to laugh playing jokes on him or others at times. I never really saw Jim mad at anyone. He was fun to golf with with the drive to always get better, while for most of us it was just a outing. Jim had high expectations for his game. I will never forget the square dancing at our early office Christmas parties where he was the most fun. While I could go on and on with happy memories and stories I shared with Jim, I can only hope that your happy memories help ease the pain of your loss. You will be in my thoughts and prayers. He truly was a good person and helped me and others enjoy life, balancing life -work and family. God Bless the Bing family. He will be missed but not forgotten.

“ Sue I am very sorry to learn Jim passed away. I remember a phone conversation we had early in September as you expressed your deep love for Jim. Now you have your family to share and recall memories you all had with Jim. God bless you and your family.

I had an opportunity to get to know Jim as we shared our appreciation for good audio gear and a wonderful afternoon of listening to music in my home.

“ Jim was a great friend, mentor and just a kind gentle human being. The only time I ever saw him get upset at all was after missing a makable putt! He worked hard and was responsible for making sure that many hundreds of thousands of people in rural Ohio get to enjoy drinking good clean water. He was a remarkable but humble engineer that really cared about what he did. RIP Jim.

“ Jim and I were close friends in grade school . We went to different high schools so we lost some contact. We did reconnect maybe 15-20 years ago and it was so nice to see him and talk with him again. Jim's sister Betty and my wife Carol were good friends in High School. He was a class guy always and everywhere.
