“ *Being with Uncle Jim always made me happy. He took us fishing on Lake Eerie when we were kids. There was nothing we'd look forward to more than that. We'd race worms and he'd eat minnows. I was lucky to be able to continue going out on the lake with him later in life once in a while (even once on his anniversary not too long ago!). The best part of it all was always just being around him. In my memories he's always smiling and having a little laugh. Thank you Uncle Jim. I'll miss you.*

“ Cosmo-
To a great friend who was always there in time of need. Especially when the two of us moved Pat's sofa bed from the 3rd floor of her apartment in Zanesville- what an experience!
When you moved to HollyGlen, I really wished you would have rented a hand truck. Your washing machine chased me all the way down your basement steps!
Thanks for all the great times and memories.
Your friend,
Tom

“ I worked at Prestolite as Secretary of Engineering and new Jim as a great person and many of the other engineers in the department. The guys named him "mad dog". I never heard his moniker "Cozmos". We had so much fun and laughs. Another engineer, Jim Villano, and we named him the Italian Stallion. Those were the days. Jim was honest, sincere and an excellent engineer. I hope Lynn reads this. We would meet at Nick and Jimmy's after work and Jim's boss, Jim Kier went. Oh my, the memories I have.
