“ To John's family. I lived on Dorian Drive, and John and I met at age 4 or 5.

He and I attended nursery school, kindergarten, grade school, and high school together. He was always positive, always had a smile (which the girls loved). I remember he was ahead of the rest of us on rock-n-roll bands because he learned from his older brothers. Loved Notre Dame. I know he missed out on a lot over the years, but I will remember him smiling and laughing shooting baskets. Bless you all.
