*“ Grandma was such a special person in this vast experience of life. Whenever I returned home to visit family, her presence always marked the occasion. She was always interested to hear about our ongoings, and everytime she talked to you about your stories, she made it about YOU. Such a thoughtful, caring, and giving soul to have around. Grandma, you will be missed by everyone you touched, and stories will be told of your grace, charisma, kindness, and love.
Thank you for giving us all a role model to hold ourselves against.
Love you always. -Michael*

What a wonderful woman your mom was. I had the pleasure of knowing and doing her hair at Creekside and then at the salon I work at. She will be missed by many!

So sorry for your loss.

Aunt Joyce

I will miss talking to you on the phone and listening to you brag about all your grandchildren and all their accomplishments. You were so proud of them. Always asking you questions and reminiscing about the good old days.

Also all the years you and the Dude came down for Thanksgiving. I always got in trouble for not having rolls for the gravy 😂. The Dude loved his rolls. FUN TIMES !

You are now with Dad in heaven having a good time and at peace.

Give him a hug for me.

LOVE YA ❤️ you will be missed
