“ God must have had a great need for a special angel in heaven to take Maggie so soon. As you can tell from the memories here she was a special lady. She had an exuberant zest for life. She loved with everything she had in her. I don't believe she ever met a person who wasn't instantly a friend. She was just that special of a person. An animal lover of the biggest kind. When we got our new puppy this past year she and Joey had a special bond. When he came to the Humana office to pick me up he would bypass me and go directly to Maggie's office and just pester her until she got down on the floor to play with him. It was a very special bond. Maggie will be missed by everyone who ever crossed her path. To her parents, her sister and brother and to John, Kirby and Quinn my deepest sympathy.

“ Maggie and I were colleagues at Humana, working very closely for over 2 years. During that time we became and remained friends even after I moved on. I will never forget her quick wit, kindness, generosity, and the stories she would share about her beloved family.

Maggie heard about my daughter's bicycle accident and quickly displayed her caring spirit and generosity. My daughter was pretty banged up, so Maggie sent sunglasses, candy, bubble gum, other gifts, and a beautiful note of encouragement. John, Quinn, Kirby; we send our heartfelt condolences to you and your entire family. Know that your wife/mother was loved and appreciated and will always be remembered.

“ *Maggie was not only a great friend but always treated my children as if they were hers too. I don't know what they will do without her. She was the first one to call me and come to my home when my friend Det. Keith Dressel was killed in the line of duty. Maggie was swiftly down with a pot of coffee to sit along side of me through this tragic incident. I hope to cherish her memory and make her proud by doing the same for her family during this difficult time as she did for me. We love and will never forget you!*

*“ I met Maggie once the OH markets merged about 3 years ago and she was one of kindest, funniest and happiest people you could ever meet. She was very welcoming to me and my team. Maggie would go above and beyond for anyone and had the personality to match. She was a caring and loving person who left us too soon. Praying for the family for comfort and healing. Rest in peace my friend.*

“ *Maggie was not only my neighbor, but I considered her a friend. She always had a smile on her face. I remember the day her house went up and we were standing in the yard watching it. That's the day I met her and she was so very excited. Her personality was contagious and I knew I liked her from that moment on. She was always available to me for anything I needed, even if it was something simple like a cup of sugar or an egg for a recipe. Periodically over the years we would ring each others doorbell for something we needed. She loved animals including our german shepherd, Axel. I remember when she showed up to my door with her new puppy Oliver, whom she took in just to take care of for a time being (she couldn't give him up after that). Our dogs were great friends too. When my 2 oldest kids had their graduation parties, she took over my kitchen and stepped in and took over. I owe her so much. John, Quinn, and Kirby, I am there for you what ever you need and promise to help for your graduation parties in memory of your beautiful mom. She will be greatly missed. May God surround you with his loving arms and give you all comfort and peace during the difficult days ahead. Goodbye my friend...I miss you already.*

“ Maggie and I worked together at Humana and even though we had worked together for a short time, it felt like I had known her all my life. She was so likeable and fun spirited. Our weekly Friday afternoon meeting was something I looked forward to and will truly miss her contagious laughter and stories of her family. For John, Quinn and Kirby, I wish you peace and great memories of a wonderful person who adored you so very much. She will be missed so very much.

“ Maggie was my backyard neighbor long before we worked together at Humana. She was a fun loving, funny person to be friends with. Her laugh would fill a room and at work when she couldn't "let lose" the twinkle in her eyes told us what she was thinking. Gone much too soon and will be missed by many. My condolences to John, Quinn and Kirby.

“ I first met Maggie at the Senior Olympics in Cleveland Ohio. We were working the Humana exhibit on the same shift. Within minutes I knew we were going to be great friends. I then was transferred to the Toledo office and Maggie and I became even closer. I loved to make her laugh and she did the same for me. I always loved her Quinn and Kirby stories, those boys and John were her life. Everytime I hear her name I smile and will always keep that with me. She was one of a kind and will be missed terribly.
