“ Mike was my sweet cousin, Mary's son. I've known him all his life. So sad and shocking to lose him so early. Mike was a sweet person who you loved to be around. I will miss him.

“ We met Mike around the time when we moved right next door to Mary. We are blessed to say we got to know Mike as we became closer and closer to Mary. You could tell right away that they were related because Mike was just as friendly and inviting as Mary was. There are a few memories that stand out. One memory includes us having dinner with Mary and Mike. We got Red Robin's and drank the special sodas Mary would always have for Mike. There was a lot of laughter and he was so easy to talk to. Mike always was so intentional and loving with our dog Rory. Rory is the same breed as Lacy and I think that was super comforting to Mike. He would spend his whole time visiting Mary on the ground playing with her. He gave her more attention then most people Rory has ever met. We will always keep calling her “Ro-Ro” which is a name he always called her. We didn't know Mike for a lifetime, but the short time we were able to get to know him he made it very clear how much he loved his family. It was an honor to get to know Mike. May he rest in peace with his dear mother Mary and Father Skip.

I met Mike in 76 not long after we moved here & lived in the same area, we weren't close friends at the time we ended up moving & though we had tons of mutual friends I didn't see him much for years after we'd both joined the military till we reconnected at a friends party years later. We got to be pretty good friends after that & had some great conversations about life & movies which he loved to watch. I think what drew us closer was we had lived similar lives & had the similar views about the world we live in & our love for Rock & Roll which he loved to reminisce about his time playing in the legendary Toledo band The Stain. I'll miss him & our conversations, R.I.P. Mike, thoughts & prayers to your family.
