

Nancy Joan Kelly

February 12, 1940 - May 9, 2023

Nancy Joan (Levison) Kelly

Always moving, always interested, always bright ...

She was far too lively to be taken from us ... until she was.

Born in Toledo on February 12th, 1940, Nancy graduated from DeVilbiss High School, followed by the TU School of Pharmacy in 1962.

Nancy became a birdwatcher in the 6th grade at Fulton Elementary, and this was a passion throughout her life.

She passed away on May 8th, leaving behind her daughters Deborah Khann and Elizabeth Voorhies, her son, Michael Shabatay; all in Southern California, and her heartbroken husband, David, of Holland.

Donations in her memory may be made to WGTE.

“ *We have only known Nancy for a relatively short time, this came about by her kindness shown in memory of a mutual friend. Regular emails quickly followed and we very much looked forward to receiving these, as Nancy always displayed her wit, wisdom, and an effervescent enjoyment of life.*

*Our Deepest Sympathy and Condolences to David and Family.
From the Committee and Members of the Northland Multiple Sclerosis (MS) Society, NZ.*
