“ Oh Sue, how very sad for those of us that you left behind. We know your final walk was to be with our Maker and do expect you will have the band ready when we arrive.  
Twelve years together at Waterville Elementary, Waterville Jr High, and AWHS. Our time on this earth is so limited and I truly look forward to seeing you in Heaven. Give Jesus a hung from your earthly friends and we will see you soon.

“ I miss you, mom...I miss your laugh, your wit, your generosity of spirit, your energy and perhaps most of all, your beautiful smile. I'm trying to celebrate your life, rather than mourn your passing, but I average at least 10 tissues a day...I love you, Susan Leatherman Bush... yesterday, today, and the remainder of my tomorrows. With so much love, your daughter, Amy 🥰❤️💜💚💙💛

“ Going to miss my dear friend, we enjoyed going to Whitehouse Inn, Local Thyme, Chowders. We always met quarterly however with the COVID-19 we did not meet. Our last visit was 1/20/2020 at Chowders at 1:30 P.M. April You were on antibiotics. Follow-up in June/July I was worried and was praying for you. August 5, I was so happy to hear from you. You were not feeling well however indicated you were going to beat it. Your son with you so many times. Thank you for family and friends. We always spent a few hours together talking about everything. You were most proud of your family we always talked and caught up on what was going on. We met at Curves years ago in Whitehouse, you were our cheerleader as you lead us around the circuit for 30 minutes. Later, we met each quarter whether you needed or not your MaryKay Products. We always had a few good laughs and you always had a different hairstyle. Later, I suggested with all your knitting talents connected you with Brandy at Share Our Grounds to sell on consignment your hats and scarfs. We would meet at SOG's so You could pick up your funds for the knitted sales. Then off to lunch! Missing you! Several others who met you will miss you as well. Marjorie your classmate and Sara Moomaw who lunched with us! She crashed our lunch date! You were an amazing individual, so glad we spent time together. You were a classy lady, high energy, and just fun to be around! Thanks for all our great conversations! Hope to celebrate Suzie's life June 27th, 2020. Many thanks to Jeff and family.

“ *My goodness, since my mom (Judy Pennington) and Sue went to school together and remained close friends through adulthood, I've known Sue (literally) my whole life! I was so incredibly sad to learn of her passing. Sue was definitely one of the good ones and my heart goes out to those she left behind.*

*I can't count how many years we floated down the Maumee River on the 4th of July. Those were good times!*

*One of my favorite times with Sue and my mom was when they came to Cleveland to celebrate Sue's 60th birthday. I met them at Dick's Last Resort down in the flats. If you know these two girls, you gotta know this was one F.U.N. get-together! :) I'll save the details for next year at her Celebration of Life!*

*I'll definitely miss seeing Sue on my visits to Waterville. She was always genuinely happy to see me, greeted me with a hug and one of the few that called me Sandi Jo.*
