“ Sue was a friend to me from the first time I met her many years ago when she and Tom and Jodi were showing their spectacular girl Kelly (Ch top Shelf Starwitness) - the most beautiful Boston I've ever seen. Sue was one of the most caring, generous, loving people I have ever been fortunate to meet. Miss her greatly, my thoughts and my love to all her family.

“ My parents were very good friends with Tom and Sue. I have known Sue my whole life.....We spent many weekends at their home. I remember as a little girl we ALWAYS had puppies, My mom was doing something and I snuck and called sue I was maybe 5-6 years old... Just to ask if I could play with the puppies. That was something we all laughed about for a very long time. And that is just one memory out of thousands I can share.... My heart is completely broken, and hurts for Tom, Jodi and Patrick. My thoughts and prayers are with you all during this very, very difficult time. I love you all. R.I.P. Sue you will FOREVER be missed.

Love,  
RoseAnna

“ Well we were good friends young and looking for fun and along the way we found ourselves in the most unusual situations. For instance we visited the Navy ships, met some fun people and decided we might visit the Lake Freighters . Had to be some fun people to make friends with. On the way home we are on Front street crossing a rail track and for some reason Suzanne became startled and now we are on the tracks in her car and cannot remedy the situation. There was not a real reason for this happening but if she called Daddy, he always came. She could always give a good reason why things like this happened and Daddy always said oh hunny don t cry, it will be ok..... except this time. We were separated and each of us 5 girls had to give a detailed account of how the car was on the rail tracks. He did not buy our story but called for a tow truck and life went on.

*She and I were joining the army navy or what ever would have us. However our Mothers had different plans for us.*

*We were such good friends we went to the quarry and posed in bathing suits to prove each of us would surely make the front page of a magazine. Real beauties we were.*

*I spoke to her last week, she gave me a brief account of her illness, said she wanted to live to see her granddaughters in their wedding gowns, She thanked me for talking to Tom and said take care of him..*

*I know only good things about her and we may have years between us but when we spoke it was like we were always together. I knew her faith, her heart and her fears that someone was usually more sick than she. God has her in his arms without a doubt  
.. I will see you again Marie Lord*

“ Sue was a regular volunteer at AWCFM which is a food distribution pantry that meets twice a month. She was in charge of the desert table. She was loyal and had a servants heart....on top of some of the best hugs you'll ever get. We will miss her terribly.
